UNITED STATES Environmental protection agency

REGION & RCAL ACTIVITIES P.O. BOX ASSET CHICAGO, ALIMONS ROSS

Dear Notifier:

Enclosed you will find the United States Environmental Protection Agency (U.S. ZPA) Identification (ID) number that has been assigned to your installation. You will find your twelve character ID number on the top portion of the enclosed notification form. This ID number addrowledges that you have filed a Notification of Regulated Waste Activity for the installation referenced on the notification form to comply with Section 3010 of the Resource Conservation and Recovery Act (RCRA). This ID number must be included on all shipping menifest(s) for transporting hezardous vestes; on all correspondence; and on all reports required under Subtitle C of RCRA by the U.S. EPA and State

Please carefully review your status to determine whether the box you have checked is correct for your installation. If you checked Box 1A "Generator" you are a large generator producing over 1000 kg/mo (2200 lbs). Large generators are subject to all applicable regulations under Subtitle C of RCRA including the Armual/Biernial Report. If you determine Box 1A was checked in error, you can change your status to either a Small Quantity Generator (100-1000 kg/mo) or a Conditionally Exempt Generator (less than 100 kg/mo) by notifying the U.S. EPA in writing at the aidress at the top of this letter, Please indicate which generator category is correct for your installation.

Please note the U.S. EPA number is site-specific. If your installation changes locations, a new notification is required for a new ID number. If your installation has changed ownership, a subsequent notification must be filed to allow the new owner to use the ID number.

If the purpose of your notification is a one-time disposal for a clean-up, PCB removal, underground storage tank removal, etc., please notify U.S. ER in writing upon completion of the project. U.S. EFA will deactivate the ID number at that time. Any other notification changes not mentioned can be sent

If you have any further questions regarding hazardous waste activity, please contact the Region V Motification Rotline at (312) 886-4001.

Sincerely,

NCRA Notifications Coordinator Maste Management Division
